

duty which it cannot shirk. To those whom he has met in conference, Secretary Taft has said that now is the time to decide whether they would have Cuba live as a nation. He has weighed every word carefully, and has neither upheld nor characterized the principles of either faction.

Whether the men they have met in Havana represent the sentiment of the entire island is a question that is troubling the American mediators. There is some fear that, even if the entanglement is straightened out here, the opposing forces in Santa Clara and Pinar del Rio provinces, and even in Santiago, will not be satisfied.

THE NATIONAL SPIRIT.
Secretary Taft realizes that unless the national spirit is aroused, the commercial interests will have no confidence in any settlement that may be reached. On this point, the mediators are confronted with their chief difficulty, for so far has been devoted to obtaining the sentiments of those in the field without treating with the armed forces, which might be regarded as a recognition of the insurgents.

GENERALS IN CONFERENCE.
The leaders of the revolutionary movement have called all the generals in the field to a conference in Havana. They are safe from molestation during the truce.

TAKING OF TESTIMONY.
The taking of testimony was continued today, at the home of American Minister Morgan at Mariano, Gen. Menocal, the head of the veterans, said to the Associated Press that he believed Secretary Taft was bound to find a solution to the difficulty. He was delighted with the Secretary's forceful tact in securing all basic facts bearing upon the matter. Gen. Menocal considers his own work at an end, and has turned over his reports to Secretary Taft.

The government officials maintained the same attitude today as yesterday, saying that there is no reason to recede from that position. They hold that the present situation is not due so much to the strength of the rebels as to the unpreparedness of the government which is now in a fairly good position.

Gen. Nufes of Havana province has been telling Secretary Taft that the elections of last year were perfectly constitutional, and that there does not exist sufficient reason for cancelling them. He urged strongly that the present government be upheld.

KILLING OF VILLANDAS.
Congressman Villandras, a brother of the member of Congress who was killed at Cienfuegos a year ago, set forth that the killing of his brother was one of the causes of the present trouble, and endeavored to show that the government was responsible for the murder. Vice-President Mendes Capote continued his testimony before mediators, and after him Alfredo Zayas, the Liberal leader, was heard.

As the testimony is given, Messrs. Taft and Bacon listen carefully, and stenographers take notes. The mediators, however, do not voice the slightest opinion or suggestion, or in any way explain their presence or their policy. It is evident that the hearing will be a long one.

Mayor Cardenas and a number of the principal officers of Havana paid a long visit to Messrs. Taft and Bacon today and argued that it was the duty of the United States to support the recognized government. The Mayor undertook to assist Secretary Taft to get in touch with the commercial interests, and under Taft's instructions will direct the several business guilds each to name a representative to talk with the mediators confidentially. The commercial interests of Cuba have suffered during the brief conflict more severely than throughout the Ten Years' War.

Hardly a shipment has left a Havana wholesale house or manufactory in the past ten days. Financial circles are sagging, and business men are awaiting with great anxiety an opportunity to meet Messrs. Taft and Bacon, who are looked upon to save Cuba's credit. Cuban, Spanish, American and other business men are talking of uniting in a petition to Messrs. Taft and Bacon, urging some radical form of intervention or annexation.

Officials of the government say their attitude has not changed, and deny that any of them entertains an intention of resigning.

WATCHWORD IS "PREPARATION."
DEPARTMENTS ARRANGING.
WASHINGTON, Sept. 20.—Preparation is the watchword of the army regarding Cuba. Not only have complete plans been prepared, but every department has made arrangements for the emergency of intervention if it should occur. Gen. Crozier, chief of the Bureau of Ordnance, is now at the Rock Island arsenal in Illinois, and a few days ago he visited the Frankfort arsenal at Philadelphia, at which, as a result, considerable activity has been displayed in getting ammunition for small arms and light field guns ready for movement, in case orders for such action are issued.

The Ordnance Bureau has on hand a supply to equip a small army, but not enough for a large army, and it is supposed that Gen. Crozier's visit is with a view of supplying the deficiency. It is stated in the other bureau of the department that the plans for a possible movement have been progressing for some time, and that any necessary can be promptly met.

The Navy Department has received other requests from those having plantations in Cuba, asking that forces be sent for the protection of different places. The department, with the force under command, is unable to comply with this request. The information of the Navy Department at Cienfuegos is that Commander Pullam has landed all the available force and utilized it to the best advantage for protecting the threatened interests in the vicinity of Cienfuegos. It is understood that the Dixie, after landing the blue jackets at Cienfuegos, has returned to Santo Domingo. It is understood the Dixie will be replaced by the Cleveland.

The Navy Department received from St. Augustine, Fla., a wireless message from the Cleveland, saying she passed that point at sea, this morning, on her way to Havana. Nothing has been heard from the cruiser Tacoma, but it is thought the Tacoma is sailing with the Cleveland.

WASHINGTON, Sept. 20.—[Exclusive Dispatch.] In an important conference today, attended by Gen. J. Franklin Bell, chief of staff, Gen. Frederick Funston, who arrived here from American Lake, Wash., this morning, and Maj. Pond, acting quartermaster-general, plans for mustering troops for Cuba in case need arises were discussed.

Details of the conference were kept secret, but there is no question that the War Department is in readiness to throw a force of 10,000 men into Cuba on short notice.

Gen. Funston will command 40 troops depend upon in case armed intervention comes.

Maj. Pond's presence at the conference today concerned the use of transports, as it is believed various questions of supply will arise if troops are needed.

While here, Gen. Funston will lay in a supply of lightweight clothing for tropical use, indicating expectation to remain in the island for a considerable period.

REFUSING TO ACCEPT PEACE WITH PALMA.
[BY THE ASSOCIATED PRESS.—A.M.]

NEW YORK, Sept. 20.—That the Cuban insurgents are not ready to accept peace on any terms was proved yesterday by the arrival here from Havana on the steamer Mexico of three prominent members of the Liberal party, who came as emissaries of the insurrection.

These men are Vicente Roche, one of the wealthiest men in Matanzas; Julian Ayala, secretary-general of the Liberal party, and Octavio Ruizbarreta, a member of the House of Representatives from Havana province. The trio came here to work in the interests of the insurgents, and will cooperate with the local junta.

"We have great confidence in Secretary Taft," said Senor Roche, "but he will not be able to make peace if Palma remains in office. The insurrection is strong enough to defeat the government army and take Havana."

CASTILLO FOR INTERVENTION.
[BY THE ASSOCIATED PRESS.—A.M.]
NEW ORLEANS, Sept. 20.—A dispatch to the Picayune from Cuba gives an interview with the insurgent leader in Havana province, Gen. Castillo, in which he says he would like to see a commission of Americans appointed to negotiate peace.

"I believe there is no reason to expect American intervention," he said, "but if it will come, I would like to see the United States negotiate peace. We have great confidence in President Roosevelt. We believe that if he intervenes, he will cause his representatives to remain in Cuba just long enough to secure peace and then withdraw."

The correspondent, who arrived at Gen. Castillo's camp at night, and found 500 men there, gives the following description:

"In a strict sense there is no camp there. One searches the landscape in vain for signs of tents or campfires. Instead, the soldiers slept on the ground, wherever they wished, without protection from dew. The cavalrymen did not use saddles or saddles for pillows. The troops with Castillo averaged considerably older than the

government troops and most of them were veterans of the Spanish war."

RUBY WORK AT FLANKPORT.
[BY THE ASSOCIATED PRESS.—A.M.]
PHILADELPHIA, Sept. 20.—More than the usual activity is being displayed at the government arsenal at Flankport, in this city, where a large part of the army's supply of ammunition is manufactured. While officers at the arsenal refused to explain the rush of work, it is generally believed that the Cuban situation has much to do with the increased energy that is being shown there. Large orders for various kinds of ammunition have been received, among them being one for more than forty-one thousand 12-inch shells, another for 12 half-pound shells and one for saddleback boxes for mules in transporting shells for mountain guns.

CLARK TELLS OF LAND GRAB.
General Manager of the Union Pacific Coal Company Testifies at Omaha.

[BY THE ASSOCIATED PRESS.—A.M.]
OMAHA, Sept. 20.—When the Interstate Commerce Commission hearing before Commissioner Protty began today, D. O. Clarke, general manager of the Union Pacific Coal Company, who also is vice-president of the Superior Coal Company, resumed the stand.

The methods of securing the mining lands now owned by the Superior Coal Company and the reasons for securing it were under consideration. Clarke said it was the intention to secure all of the valuable coal lands in the Horse Thief Cabin district and also to secure such other lands as would prevent any one else getting an outlet to the Union Pacific Railroad from that district.

He named other districts in the territory tributary to the Union Pacific in which coal had been found but not developed. He said that practically the only other independent coal company operating on the line of the Union Pacific Railroad was the Central Coal & Coke Company.

WINNERS AT BENCH SHOW.

Prizes Awarded the Blooded Dogs by Kennel Club.

Local Animals Are Successful in Many Events.

Opening Day Drags Crowded and Many Entries.

It is the ambition of dog fanciers of the Coast to place California in the lead in breeding fine dogs, and the na-

Preuss, and Togo Spy, owned by T. O. Pierce, were two of the best.

IRISH SETTERS.
The Irish setters were better represented than any other breed. The best dog on the Coast, was the attraction and class of the lot. He is owned by Paul Peppers, president of the Kennel Club. He was sired by Champion Ben Law, and out of Shandon Belle II. Lady Betty, owned by J. M. Hunter of Los Angeles, appears to be the class of the younger lot.

COCKER SPANIELS.
Some very fair dogs are shown in this class, among which is "Dot," a puppy bitch of much promise owned by H. Baum of Los Angeles.

COLLIES.
The highest valued dog in the show is the collie Southport Philosopher, owned by William Elery of San Francisco, who has the best kennel of collies on the Coast, and possibly the best in America. Mr. Elery has a kennel of twenty-two animals, and the best of the lot is Southport Philosopher, for which he would not take \$100. The dog was the sire of the Southport Strategy, considered by prominent

five animals exhibited yesterday in the opening day of the Venice dog show indicates that this ambition comes very near being realized today. Beginning with strains of the best blood imported from the continent, the breeders on the Coast are building up magnificent native kennels, which, taken with the many eastern dogs that now claim California as their home, give this State a list of noted winners which is not equaled by any other State in the Union, with the possible exception of New York, where the blooded dog is the pet of fashion.

One hundred and thirty-nine entries were listed regularly with the secretary of the Southwestern Kennel Club and a number have been added for show purposes, but will not figure in the awards. Most of the dogs entered were exhibited the first day, and the bench stalls will be filled out today. Some of the very best dogs in the United States are on exhibition, and many blue ribbons of former shows are known as the winners of the Pacific Coast champions are numerous, and many puppies have the breeding and markings to make them future winners in first-class company.

By noon yesterday most of the entries were in the building and the judges got to work about 2 o'clock. They will complete their labors today and all classes will be judged by this afternoon.

The entries include St. Bernards, Russian wolfhounds, pointers, setters, cocker spaniels, collies, Dalmatians, bulldogs, terriers, dachshunds, pugs, and a few isolated varieties. The terriers are the most numerous and include bull, Boston and fox terriers. Many high-class dogs are exhibited. An excellent showing of Dalmatians is made and quite a number of St. Bernards and setters are seen.

ST. BERNARDS.
The patriarch of the smooth St. Bernards was that grand old sire, Sir Violet, now seven years old. He is owned by the Pollockfield Bros. of Los Angeles, and his get is scattered through the best kennels in the country. Sir Violet, Jr., will take the place of his great sire when he passes away. The showiest dog of the lot was the rough-coated bitch, Queen Bess, the property of Mrs. Joe Zemanek of Los Angeles. She is the largest dog in the entire show. No particulars of her breeding are known as she was picked up by her owner at Fresno, where she had been taken by a dog fancier who failed to preserve her record. Several first-class young dogs are in this lot.

RUSSIAN WOLFHOOUNDS.
Carl C. Curtis of Pasadena exhibits two magnificent Russian wolfhounds, which were shipped from Toronto, Can., a few days ago, where the owner purchased them from the Moscow kennels, now closed. When the entry was made, Mr. Curtis did not know the name of his dog, so listed him as "Question Mark." Three days ago he learned that the animal is Kubelik II, sired by Champion Kubelik and out of Narcissus. The bitch is "Olga," sired by Rintnick and out of Princess Saiga.

POINTERS.
Only two pointers were entered, Lady Mack, owned by Otto McClure and Baidy, entered by Miss Harry Burt. Both well known in this section.

ENGLISH SETTERS.
Dolly Gray, owned by Kenneth E.

judges as the very best show collie imported to America. The dog was purchased by J. Pierpont Morgan, but died of pneumonia at the age of 2 years. Philosopher has an international reputation, and his owner claims there is no better stud dog in America. Mr. Elery had wished to have his dog matched with Arthur Lett's "Joe of Hormly," which was given the blue ribbon over Philosopher last spring at Chutes Park by Judge Cole of Kansas City.

Southport Sphinx, also owned by Mr. Elery, is one of the most typical bitches ever imported into America. With the blue ribbon at this show she becomes a champion, having won three previous firsts.

Laddie, an imported winner in eastern shows, is a fine animal, owned by J. Whitmore of the Alexandria Hotel. Dos Robles Towser, a seven-month-old pup from the Dos Robles Kennels, is one of the best of the younger entries. Dos Robles Rowland is a close second in stylish looks, possibly a little more refined.

DALMATIANS.
The Dalmatians present a notable array of bonch winners. The king of them all is Coach, owned by Zue G. Peck of Los Angeles. He is 4 years old, with sire and dam unknown, but it is believed he is direct descendant of a famous strain of an English kennel. Mr. Peck refused \$1000 within a month for Coach. The dog is the sire of several of the finest pups of the Coast. He is undefeated, and has the brown markings which disappeared for a time from the improved strain, but which are eagerly sought after now. He has been exhibited all over the United States, and at a show at Madison Square Garden he won first with twenty-eight competitors. Coach has won twenty-nine prizes in all. His owner claims he is direct descendant of a famous strain of an English kennel.

FOX TERRIERS.
The fox terrier classes were rather scant of the first-class entries. Sabine Rustic, of the Hampshire Kennels, was the best dog in the lot entered yesterday. Cigars, the famous pipe-dog of George W. Hinsdale, was entered, and attracted considerable attention.

DACHSHUNDS.
A family of brown dachshunds, entered by George Thayer, attracted considerable attention. They are Hans, Gretel, and three fine pups. Dr. L. W. Young's Ann Hauser is a fine black bitch. Chiquita, owned by Dr. P. C. H. Paul, attracted much attention.

TOY POODLES, ETC.
The most beautiful dog in the show is

to herd sheep; and only in England are they used exclusively as carriage dogs.

Reta, entered by William R. Walton, Jr., is the descendant of a kennel of thirty-five English dogs imported into America some years ago, which cost their owner \$2,000.

BULLDOGS.
Moston Monarch and Togo are the class of the dogs, with Nealeam British Lady, which is owned by Charles E. Maclean, is one of the best bitches. Moston Monarch is the most impressive show dog of the lot, standing several inches higher than any of the others. He is owned by George B. Maclean, whose Togo comes from the Vancouver kennels.

Two fine French bulls comprise the entry of Mrs. Edwin E. Edelhoff of Los Angeles. They are Boulette, a former bench winner, and Duc de Bordeaux, a recent importation expected to make an excellent showing. Mrs. Edelhoff values each at \$500.

BULL TERRIERS.
Several excellent dogs are entered in the bull terrier classes. Among them are A. R. Copeland's Duke, C. B. Gill's Teddote Wonder, H. Letcher's Bully Boy, Mrs. Thorburn's Woodlawn Baron, Dr. W. H. Watkins's Mighty of the Lake, and others.

LIMIT DOGS (BLACK)—Rags, Bob,

the snow-white toy poodle entered by John C. Rupp. The breeding of the dog is unknown, but is registered in the East, and has been sent for. The dog was purchased in Cincinnati.

The smallest dog of the show is a Griffon Brussels, owned by a woman of Los Angeles. It weighs but two pounds, and is one of the only two of its kind in America. It was not entered in the show, but is exhibited under the name of Yvette. The species are natives of Belgium, where they are used as court dogs. Formerly the nobility used to gather about a table, for a banquet and allow the little fellows to fight for their pleasure.

The English Toy Spaniel, Greenwood Brother, is entered by Mrs. Mary S. Monahan. It took first place in the novice class, and won the silver cup over other toy spaniels at Madison Square Garden last February.

The official awards of the show, as far as made, are as follows: the names of the first and second or first, second and third winners being given in order.

LAND TITLES IN JEOPARDY.
Suit is brought in Helena to Contest the Classification of Many Acres.

(BY THE ASSOCIATED PRESS.—A.M.)
HELENA (Mont.) Sept. 20.—The hearing in one of the most important land suits ever brought in the Helena land district was begun yesterday before Receiver Freeman and Registrar Miracle.

A. J. Rowand made application in October, 1902, for a mineral entry of a quartz lode near Lincoln on the Big Blackfoot, which was denied because of the protest of the Northern Pacific Railway Company, which alleged the grounds in the grant to the company made for building the road and was classified as non-mineral.

Rowand alleged there was fraud in the classification which was made in 1889, and that the land is mineral. If Rowand wins out the title of the Northern Pacific to large areas of land in this State will be affected.

Officials say that no classifications which once have been made, and over which there was no protest at the time, ever have been revoked.

WOODS READY FOR A SCRAP.

Local Middleweight Has Not Left the Country.

Flynn Would Bet Burns Can't Knock Him Out.

Memie and Cy Thompson May Get a Chance.

If some of the pug's who are now filling the public prints with all kinds of challenges to one of the pug's of the earth and off it, are really anxious to something besides advertising, they might try a crack at the almost forgotten local fighter, Billy Woods. O'Brien, Burns, Berger, Hugo Kelly, Flynn, Joe Thomas and the others who are suffering for a chance to show themselves could doubtless get all they wanted in such a match, and from all accounts, the only reason some of them have not taken on Woods is that they are not looking for any "scrap" that might get them only a hard beating. Woods is right here in town, and has been for weeks, yet no one has heard his name mentioned in connection with any of the challenges that have been hurled around for several weeks.

At present Woods is acting as sparring partner for Tommy Burns, and is said to weigh under 155 pounds, yet it is doubtful if Burns or any other pug could find a man that would fill the bill. Woods is almost forgotten, because he has not had a fight for many months, has no manager and no one to boast him. If there is any doubt about his ability just ask Joe Walcott or Tommy Burns.

Both Burns and Flynn are now in the midst of their training, and the only development in fight circles yesterday was the offer of Flynn's manager to dig up any part of \$500 for a bet that Burns cannot knock out Flynn. Tommy having made the statement that he would agree to knock out Sam Berger, if Sam wanted to take a chance.

MEMISC-THOMPSON POSSIBLE.
Manager McCarley has under consideration the possibility of giving the date of October 14 to Jimmy Burns and Memie and Cy Thompson. Both Memie and Cy have been settled about such a match, and possibly there will not be. Both boys are hungry for such a chance to get at each other, and they may be allowed the opportunity.

In answer to an inquiry it is stated that in all probability there will be only one "preliminary" to the Burns-Flynn fight, October 2, and it will really be the main event in itself. It will be the attempt of Indian Joe to stop both Jim Tremble and the Terrible Turk, and such a thing will certainly divide the excitement of the night with the real main event. Both Tremble and the Turk are hard nuts, and Joe evidently has the biggest contract of his career.

CHANCE FOR JACK O'BRIEN.

(BY DIRECT WIRE TO THE TIMES.)
PHILADELPHIA, Sept. 20.—[Exclusive Dispatch.] Jack Johnson bested Joe Jeannette here tonight in six rounds at the Broadway Club. Johnson's superiority was evident throughout. His speed and cleverness were remarkable, and he is fighting better than ever. Many fight critics say he is the fastest heavyweight in the East and he finds it hard to secure matches. Sam Fitzpatrick, his manager, declares him the best colored boxer since Peter Jackson and issues a challenge through the Times to Burns, O'Brien, Berger, Kauffmann, Schreck, Hart, or Champion Jeffries if the latter intends reentering the ring.

INTERESTING FACTS

For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the claim then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package costing but 50 cents at any drug store made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the best, but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine, unadorned testimonials and never publish the same one twice.

From James Yennemiller, LaCrosse, Wis.: "Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried, and I was so pleased at results that I gave away several boxes to my friends, who have also had the same benefit."

From Jacob Anthony, Portmurray, New Jersey: "I have taken Stuart's Dyspepsia Tablets with the best results. I had dyspepsia for 6 years, and had taken a great deal of medicine, but the Tablets seem to take right a hold and I feel good. I am a farmer and lime burner and I heartily recommend to every one who has any trouble with his stomach to use these Tablets."

From Mrs. M. K. West, Preston, Minn.: "I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave them to my husband and to a friend who also suffered from indigestion and she had the same good results."

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and physicians and druggists everywhere recommend them to all persons suffering from Nervous Dyspepsia, sour or acid stomach, heartburn, bloating or wind on stomach and similar disorders.

WOODS READY FOR A SCRAP.

Local Middleweight Has Not Left the Country.

Flynn Would Bet Burns Can't Knock Him Out.

Memie and Cy Thompson May Get a Chance.

If some of the pug's who are now filling the public prints with all kinds of challenges to one of the pug's of the earth and off it, are really anxious to something besides advertising, they might try a crack at the almost forgotten local fighter, Billy Woods. O'Brien, Burns, Berger, Hugo Kelly, Flynn, Joe Thomas and the others who are suffering for a chance to show themselves could doubtless get all they wanted in such a match, and from all accounts, the only reason some of them have not taken on Woods is that they are not looking for any "scrap" that might get them only a hard beating. Woods is right here in town, and has been for weeks, yet no one has heard his name mentioned in connection with any of the challenges that have been hurled around for several weeks.

At present Woods is acting as sparring partner for Tommy Burns, and is said to weigh under 155 pounds, yet it is doubtful if Burns or any other pug could find a man that would fill the bill. Woods is almost forgotten, because he has not had a fight for many months, has no manager and no one to boast him. If there is any doubt about his ability just ask Joe Walcott or Tommy Burns.

Both Burns and Flynn are now in the midst of their training, and the only development in fight circles yesterday was the offer of Flynn's manager to dig up any part of \$500 for a bet that Burns cannot knock out Flynn. Tommy having made the statement that he would agree to knock out Sam Berger, if Sam wanted to take a chance.

MEMISC-THOMPSON POSSIBLE.
Manager McCarley has under consideration the possibility of giving the date of October 14 to Jimmy Burns and Memie and Cy Thompson. Both Memie and Cy have been settled about such a match, and possibly there will not be. Both boys are hungry for such a chance to get at each other, and they may be allowed the opportunity.

In answer to an inquiry it is stated that in all probability there will be only one "preliminary" to the Burns-Flynn fight, October 2, and it will really be the main event in itself. It will be the attempt of Indian Joe to stop both Jim Tremble and the Terrible Turk, and such a thing will certainly divide the excitement of the night with the real main event. Both Tremble and the Turk are hard nuts, and Joe evidently has the biggest contract of his career.

CHANCE FOR JACK O'BRIEN.

(BY DIRECT WIRE TO THE TIMES.)
PHILADELPHIA, Sept. 20.—[Exclusive Dispatch.] Jack Johnson bested Joe Jeannette here tonight in six rounds at the Broadway Club. Johnson's superiority was evident throughout. His speed and cleverness were remarkable, and he is fighting better than ever. Many fight critics say he is the fastest heavyweight in the East and he finds it hard to secure matches. Sam Fitzpatrick, his manager, declares him the best colored boxer since Peter Jackson and issues a challenge through the Times to Burns, O'Brien, Berger, Kauffmann, Schreck, Hart, or Champion Jeffries if the latter intends reentering the ring.

BIG BENEFIT FOR CHARITY.

WINDY BALL GAME AT CHUTES FOR NEWSBOYS' HOME.

Great Aggregation of Men-Boys to Struggle in the Heat for Cause of Homeless Waifs—No Fan With Any Live for the Sport Can Afford to Miss the Contest.

If people could have seen some of the best-known business and sporting men in this city working their heads off yesterday, to show each other that they really know something about baseball, and all for the cause of charity, there wouldn't be an empty seat at Chutes Park ball ground today Sunday when the Slats and the Newsboys' Home team will play the first game of the season. The charity that makes a little something for home-boys who may become good men and women is a chance as well worthy as any that any one has, however.

It is a fact that hundreds of men, not only in the city but in the whole country, are playing ball, but to the people who have never seen a game of ball, it is a new and interesting thing. Some of the men who have played many years, but they think they are good about it to appear before the crowd.

New York and Jack O'Brien, the manager of the Newsboys' Home, are the only men who have played many years, but they think they are good about it to appear before the crowd.

Slats, Harry Leland, Dr. Griffith, Bert Condit, Bill Thurston, Doc Houghton, G. Oliver, Fred Pabst, Geo. Pritch, Ferd Rule, Senator Smith, E. R. Allen, Dave McClelland, Del Reynolds, Bill Young, Fred Simpson.

NATIONAL LEAGUE BALL.
CHANCE WRENCHES KNEE.
ST. LOUIS, Sept. 20.—For seven innings the Chicago Cubs and the St. Louis Cardinals were tied at Pflieger's mercy. Pflieger's errors helped the Cubs to their victory. Chance wrenched his knee in the eighth, and the Cardinals won the game.

BRICK PITCHES WELL.
CINCINNATI, Sept. 20.—Cincinnati won the first game of the series from the St. Louis Cardinals today. Score: Cincinnati, 1; St. Louis, 0. Errors: 1; hits, 7; errors, 4.

FOIGHTING FOR PLACE.
NEW YORK, Sept. 20.—Pittsburgh broke even in today's game. The second game was won by agreement at the end of the first inning. Score: Pittsburgh, 1; New York, 1. Errors: 4; hits, 10; errors, 4.

GAME RESULTS IN TIE.
ST. LOUIS, Sept. 20.—Today's game between New York and St. Louis was a tie. The game was played at the end of the eighth inning, and both pitchers scored. Score: St. Louis, 1; New York, 1. Errors: 2; hits, 7; errors, 2.

SILVER SEEKS BIG DAMAGES.

Files Suit Against Nolan and Nelson for Spreading Reports Against Him.

(BY THE ASSOCIATED PRESS.—P.M.) CHICAGO, Sept. 20.—George Silver, the referee in the recent Gans-Nelson fight, today filed suit in the Superior Court against William Nolan, the manager of Nelson, and Nelson himself, praying damages to the amount of \$50,000.

Since the fight both Nolan and Nelson have repeatedly been quoted as saying that Silver received money for giving a decision in favor of Gans and that his conduct as referee was dishonest. They also have been quoted as saying that Silver never saw the foul blow on the strength of which he awarded the fight to Gans. All of those statements Silver declares to be untrue and claims damages for their utterance by Nolan and Nelson.

MATCH CONTEST FOR SPRINTERS.

ROSEBEN AND LADY AMELIA RUN FOR CHAMPIONSHIP.

Side Bet of \$1000 and Added Purse of \$2500 Offered by Jockey Club Adds Importance to Race—Other Entries Received to Fill Out the Required List.

(BY THE ASSOCIATED PRESS.—P.M.) NEW YORK, Sept. 20.—Arrangements for a match race between the best sprinting horses in the United States, Roseben and Lady Amelia, are all but completed. The owners will wager \$1000 a side and the Brooklyn Jockey Club will hand up a purse of \$2500. The winner will also gain the title of "champion sprinter of America." There will be other entries. The race will be run at Gravesend next Thursday over the short six-furlong course. The question of weights has not yet been decided. The other conditions were announced today by the Brooklyn Jockey Club. The race is to be for three-year-olds and upward, \$500 to enter and \$50 forfeit for weight or age. There must be a fast track, and Roseben and Lady Amelia are to start on there will be no race. The distance will be about six furlongs.

Kentucky Futurity.
COLUMBUS, Sept. 20.—Grand Circuit results: First race, Board of Trade, purse \$3000, 2:07 pace, one heat Wednesday: Corbi won the first and third heats in 2:12 and 2:14. Bolivar won the second heat in 2:10.

THREE RUNS FOR CLUB.
Motorcyclists Meet and Plan Events for Future—Lieutenants and a Secretary Chosen.

Three club runs were planned at the regular meeting of the Los Angeles Motorcycle Club, held at the clubrooms last night. Next Sunday the club will have an informal run to the foot of Mt. Wilson trail at Sierra Madre, and the Sunday following a regular ribbon run will be held, the course being to Anaheim and return. On this occasion the boys may form a baseball team and try conclusions with the Anaheim nine between the halves of the run.

After the first rain has fallen, the club intends to hold a longer run, to Capistrano and return. At present the roads are too dusty for the run. At the meeting, J. F. Shafer was elected secretary in place of former Secretary Smith, who resigned two weeks ago because of pressure of other business. Lieutenants were also chosen, the election resulting as follows: First, Galloway; second, Bruner; third, Canfield.

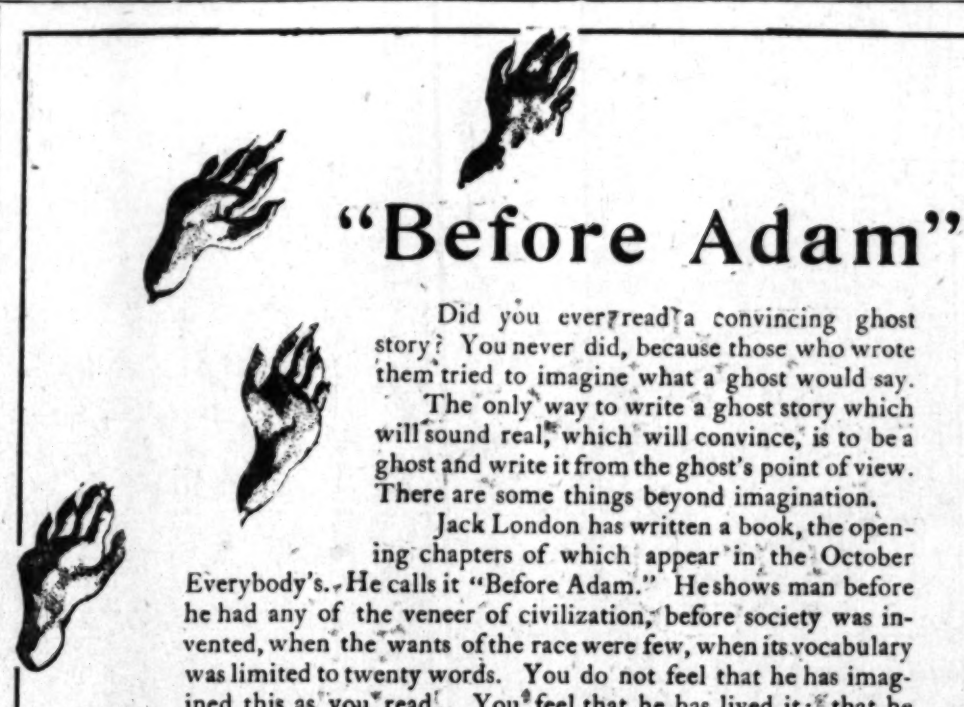

JEWISH NEW YEAR.
Yesterday's Services Well Attended in Various Halls and Synagogues of the City.

Services were held in the synagogues yesterday, in continuation of the Jewish New Year celebration. In Temple Hinei B'nai were conducted in the morning by Rabbi Hecht. In the presence of a large congregation. His subject was "Life Worth Living." The music was an attractive feature.

Rabbi Hirsch Werner had a select audience of orthodox Jews at his service in Old Fellows Hall last night. He took for his subject: "Fate, as the Result of Lack of Faith." The services in the Synagogue Beth Israel were conducted last night by Rev. Alfred Arnold and Rev. N. Hillman, and the sermon was preached by Rabbi A. W. Edelman. The attendance was very large.

Rabbi Isadore Myers conducted services in Simpson Auditorium at 8 a.m. and 4 p.m. yesterday, and will be held at the same hours today. Dr. Myers was greeted by a fair audience of progressive Jews and a number of Christian people, and the music furnished by the large male choir was greatly enjoyed.

"Before Adam"

Did you ever read a convincing ghost story? You never did, because those who wrote them tried to imagine what a ghost would say.

The only way to write a ghost story which will sound real, which will convince, is to be a ghost and write it from the ghost's point of view. There are some things beyond imagination.

Jack London has written a book, the opening chapters of which appear in the October Everybody's. He calls it "Before Adam." He shows man before he had any of the veneer of civilization, before society was invented, when the wants of the race were few, when its vocabulary was limited to twenty words. You do not feel that he has imagined this as you read. You feel that he has lived it; that he has seen it; that he remembers it. It may be imagination to London, but to you it is the real thing.

Jack London has lived a strange life among men and women whose passions are primeval. He has seen men in the raw, stripped down to the mainsprings of life, when only the instinctive passions were working—hunger, thirst, revenge, joy—the intensities of life—when vocabulary was simply ejaculation.

By taking away from such men everything that civilization and education have given them, he has seen what men must have been "Before Adam." These men he has set before us—Lop-Ear, the Swift One; Red-Eye, the Hairless One; Old Marrow Bone—the beginning of nomenclature is suggested by these names descriptive of personal characteristics. It is too real to be always a pleasant story, but no man or woman can read it without that exhilaration which comes from being compelled to think, and to think deeply.

FOR OCTOBER
All news-stands 15 cents, \$1.50 a year.

This number also tells more of the wonderful things which Russell found were being done in Australia for the common good; contains a powerful, realistic story of anarchy in the coal mines by Maximilian Foster; presents a humorous, describing the domestic problem in his sudden visit, and a new picture of the same old Bohemia by O. Henry, with plenty of other good and great things.

Pain

Wears Out the Nerves.

Do you realize that pain is weakening, and exhausts your vitality? Don't you remember how completely worn out you felt after that last attack of headache, neuralgia, backache, periodical or other spell of suffering? Nearly every case of inflammation, apoplexy, paralysis, epilepsy and insanity is directly due to the weakening influence of pain upon the brain nerves? For this reason every one who suffers from pain of any kind should not fail to get relief as quickly as possible.

You can do this by taking Dr. Miles' Anti-Pain Pills—others do.

I have used Dr. Miles' Anti-Pain Pills for years, and can say they have never failed. I always keep them in the house. In fact I had rather be without sugar than the Pills. Previous to using them I had always suffered with sick headache, sometimes being in bed for three and four days. I had tried nearly everything I ever heard of; some would seem to help at first, but after a short time the effect would wear off. It is five years now since I began taking Dr. Miles' Anti-Pain Pills, and the results are as good as at first.

age over \$100 per month, while the general average for regular runs is about \$50 per month.

The pay for the month is practically the same as that paid by the steam roads in their train service, and has the added advantage of allowing the electric trainmen to eat their meals and spend their nights in their own homes.

A comparison of the schedule of pay at present effective in Los Angeles, which that which will be put into effect October 1, is as follows: Present schedule, extra men, 22 cents; regular men up to three years' service, 25 cents; after three years, 25 cents; after five years, 26 cents.

New schedule, first year, 24 cents; second, 25 cents; three to five inclusive, 26 cents; six to eight, 27 cents; nine to eleven, 28; twelve to fourteen, 29 cents; fifteen and after, 30 cents per hour.

There are a number of men now in the service of the Los Angeles Railway who will come in immediately for the 30-cent schedule, and many more who will receive 25 cents per hour.

EAGLE ROCK CHANGE

Next Sunday only on account of the circus, the Los Angeles Railway will make a change in the schedule of its Eagle Rock cars. Hitherto it has been the practice to operate Eagle Rock cars clear through on Sunday afternoons to Washington and Main street. Next Sunday, however, on account of the expected circus congestion at that point, the Eagle Rock cars will make only their regular week-day schedule, transferring passengers as on week days.

New York Central Stock Issue.

NEW YORK, Sept. 20.—Directors of the New York Central and Hudson River Railroad today authorized the issue of \$25,529,500 of stock to stockholders at par. The regular quarterly dividend of 1 1/4 per cent. was declared.

RESTLESS INSURGENTS DISTURB AMERICANS.

Government Orders Search of Homes in Isle of Pines Is to Cease—Pino Guerra Leaves for Guanajay—Coasting Steamer Is Boarded.

(BY THE ASSOCIATED PRESS.—A.M.)

HAVANA, Sept. 20.—In view of the complaints from American residents in the Isle of Pines, the government has prohibited further search of American homes there or other molestation.

It has developed that the Americans on the Isle of Pines were approached by the insurgents and asked to cooperate to the extent of not resisting a landing by the insurgents and their use of the island as a base of supply. This the Americans refused, and they declare it is especially unjust to disarm them and invade their homes in a high-handed manner.

Consul-General Steinhart has presented the matter to the government, with the result that no further interference with the Isle of Pines Americans will be permitted.

PINO GUERRA'S JOURNEY.

The rebel leader Pino Guerra has left Artemisa for Guanajay, twenty-one miles southwest of Havana. He is reported to have 5000 men with him. He will camp at Guanajay, awaiting the result of peace negotiations.

REBELS TAKE OFFICIAL MAILS.

When the coasting steamer *Rik* arrived at Bahia Honda, yesterday, she was boarded by armed rebels, who demanded the mails. They took all the official correspondence and registered letters, and then searched the vessel and passengers, taking such arms as they found. The government tug *Agarramonte*, with a detachment of militia from Havana, and carrying ammunition has not been permitted to land at Bahia Honda.

Secretary Montalvo said this morning that the government has no present intention of releasing the chief conspirators now in jail here.

THWARTS SANTA CLARA ATTACK

Dr. Figueroa Zayas, the government peace commissioner, reached the Santa Clara rebels under Guzman just in time to prevent the continuance of the attack which had been begun in Santa Clara city.

Guzman, Ferrera and other insurgent chiefs prepared, with Dr. Zayas, a document in which they set forth their willingness to suspend hostilities, provided the government would not ship troops or war supplies over the railroad.

Like Gen. del Castillo, the rebel commander in Havana province, Guzman will not consider anything but the annulment of the last general elections.

CAMP COLUMBIA FORCES.

The insurgents outside of Arroyo Arenas will allow nobody to pass. One thousand Rural Guardsmen and 2000 militia are now at Camp Columbia, close to Havana, reinforcements having arrived from Camaguey.

A NEW THERMOSTAT.

A Simple Device Which is Used to Keep Hop Kilns at an Even Temperature.

Hitherto the temperature of hop kilns has been left to the faithfulness of the firemen in charge of the same, but hereafter the firemen are to be watched by means of a new thermostat which will ring a bell when the temperature rises or falls a certain number of degrees. The instrument is placed in a hop-kiln or prune-dryer and when the temperature is permitted to vary from the required limit, the bell rings until the fireman gets the temperature back where it belongs.

One hopgrower at Salem, Or., has installed a double set of alarms, one on the kilns and the other in his bedroom, and has them so arranged that the alarm will ring to warn the fireman when the temperature has varied a certain number of degrees, and will ring to warn him if the fireman lets the temperature continue to rise or fall.

Hitherto the hopgrower has made tours at all hours of the night to see whether his firemen are attending to duty, but now he will go to bed and trust to the automatic alarm to keep the firemen at work.

The thermostat is a simple contrivance, which any man handy with tools can make. It consists of two thin strips of metal of different sensitiveness to heat. They are riveted together side by side, and since one expands or contracts faster than the other, they bend. At the movable end is a piece of copper that forms a connection with an electric bell when the strip has bent far enough. By changing the distance at which the contacts take place, the degree of temperature at which an alarm is given can be varied.

SHERRY AGAIN IN FASHION.

Spain's Young King Redirects Attention to This Once Popular Wine.

The visit of the King and Queen of Spain to England has already had some influence upon society in one respect at all events; it has done much to revive the declining taste for sherry in England.

At all the dinners and parties given by King Alfonso at Cowes sherry occupied a prominent place in the menus. Out of a selection of eight or nine wines, four were usually sherries, and as the wine was of unusually fine quality, it attracted a good deal of attention. It was claimed that King Alfonso preferred sherry to any other kind of wine, because, in his opinion, it was more palatable and better for the health. The manufacture of sherry was moreover, essentially a Spanish industry, and King Alfonso has resolved to do what he could to revive an old and famous trade which had not been too prosperous of recent years. The trade in sherry had been going back steadily for twenty-five years, and the result was that the finest sherries were now being sold at lower prices than they were sold at thirty years ago.

The sherry trade was suffering from the result of a fashion. Long ago people used to keep a decanter of sherry in their sideboards, and when any one called it was brought out with biscuits. Now the ladies drink nothing but tea in the afternoon, and if the gentlemen felt thirsty they had a whisky and soda. Twenty or thirty years ago sherry and soda was the drink of the day. The sherry of today, however, is as good as or better than the sherry of literature.

BUILDING CONTRACTOR GONE?

Friends and business associates of George H. Peters, a building contractor of No. 564 East Fifty-fifth street, have become alarmed as to his whereabouts, as nothing has been heard from him since he left home last Saturday. It is reported that he is in arrears about \$500 to his employees. His wife is anxiously awaiting his return, or a message from him explaining his strange absence.

SUMMER WORK OF WELLMAN.

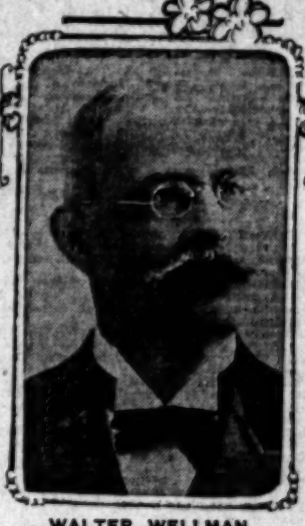

"FARTHEST NORTH" INTERVIEW IS GOTTEN BY "FIGARO."

Delay in Delivery of the Balloon Set the Explorer Back a Full Month—He Expects to Succeed. Will Be Excessively Cautious in His Next Undertaking.

(BY DIRECT WIRE TO THE TIMES.)

PARIS, Sept. 20.—[Exclusive Dispatch.] Le Figaro has secured at Viro Bay, Spitzbergen, an interview with Walter Wellman to the extent of two columns, on Wellman's plans for North Pole exploration, and the result of his summer's work at Spitzbergen. Its correspondence, Magnus Syntvedt, has the distinction of securing the "farthest north" interview ever published, and Wellman of being the man interviewed farthest north.

Wellman said that delay in delivery of the balloon set back his work by a

WALTER WELLMAN,
Polar explorer, interviewed yesterday at Spitzbergen.

full month, and, therefore, he had to shift his party, the advance guard having to clear away six feet of snow on the site of the camp, late in June, before they could start building. A second group, headed by Wellman, did not arrive till the end of July, as the men were had to spend much time putting the apparatus together, and testing the motor.

EXPECTS FAVORABLE RESULTS.

"I am convinced," Wellman said, "just as my comrades are, that my project will easily arrive at favorable results next year, or later on. Moreover, this is the opinion of those whose views are worth consideration. My trip plan is the only possible solution. My automobile sledges are nothing more than a sort of relief apparatus in case we lose the balloon."

"The chance that we may be able to do them warrants this additional load of 300 kilos."

WILL SOAR UNTIL SAFE.

"I shall be excessively cautious at the pole, should circumstances favor me. If dangerous to slight, I shall make about long enough to make essential scientific observations, and then resume my journey. But if there is a chance to make a landing, we shall start the American and French Sigsbee pole, and we shall make all experiments possible to reduce the consumption of moisture on the balloon."

"I shall travel at an altitude of 100 fathoms, but, any way, I hope to reach destination in twenty-four hours, or only 10 deg. and some minutes

Funeral of J. C. Webb.

The funeral of J. C. Webb, who died in this city on Sunday, last, was held on Thursday at the chapel in Roseville cemetery, under the direction of the Volunteers of America. The services were strictly private and were attended only by his immediate family and his fellow-workers. The deceased was a self-sacrificing, Christian man, and lived a life devoted to his fellow-men.

Young Girl Arrested.

Young Roy, a fourteen-year-old girl, living at 101 South Hope street, was arrested last night, charged with violating the curfew ordinance. The arresting officer says she was in company with several boys, and that upon seeing him approach, the lady made her escape and left several articles. The officers are inclined to believe that the goods had been stolen. The girl had been arrested before, the police say, and was sent to the Detention Home.

W. S. KINGSBURY GETS HONOR.

NATIVE SONS LAUD THE NEXT STATE SURVEYOR-GENERAL.

Members of Local Parlor of Order and Other Friends Gather at Banquet Board to Show Their Esteem for One of the Most Worthy Nominees on the Ticket.

One hundred members of the local parlor of the Native Sons of the Golden West, gathered at Levy's Café last night at a banquet in honor of William S. Kingsbury, who received the Republican nomination for State Surveyor-General at the Santa Cruz convention. Kingsbury is one of the best presidents of Los Angeles for 25 years, and has always had a large following of close personal friends within the order. These turned out in force to do him honor, and to express their gratification over the recognition that has crowned the many years of faithful service that he has given to the city in the City Engineer's office.

Not all of the testimonials of esteem that were given in the course of the evening came from the members of the order, as there were many outsiders present who had gained their friendship for the nominee outside of the organization. The most striking feature of the evening was the fact that the men who were working by his side for the past ten years. They spoke of his faithful, painstaking work and geniality that have always distinguished his life.

Harry Lehland, president of Los Angeles Parlor No. 45, was toastmaster. Two other Native Sons who are slated to hold public office after the coming election, "Billy" Himm and Mark Koppel, were present to endorse the State nominee of their order, and both received ovations almost as flattering as that tendered to the guest of the evening.

Among the tributes paid to the candidate by friends, William S. and the women among whom he had worked, none was more sincere and eloquent than that offered by County Assessor Ben Ward.

The candidate of the Republican party for State Surveyor-General, he said, "is a native son, a native son of Los Angeles. He is a self-made man in the highest sense, a man who has a good and true ideal before him, and has never deviated from it at any round of the ladder. Such men rise to success, and today he stands at the highest round. Those of us who have watched him the way from the time when he played as a boy in the streets of his native city, through all the difficulties that he has met and overcome at many a turn, those of us who have seen him giving faithful service to the city, first as chairman of the field, and then through the many steps of advancement in the City Hall, realize perhaps better tonight how much this man has done, and how well earned is the tribute that has come to him. The Native Sons have put many of their number into positions of public responsibility, and there is the highest ideal of public service. This ideal is well realized when they can point to a man like Billy Kingsbury as a candidate for a responsible public office."

The other speakers of the evening were George P. Beebe, Kervel Wilson, Dr. E. M. Lassar, A. C. Johnson, Grant Jackson, Dr. Edelman, Billy Hammel, Mark Koppel, Walter Lips, Harry Osborn, J. Taylor, Horace Ward, Ben Ward, E. Johnson, Leslie Hewitt, Norman Bryant, William F. Bryant, Jack Newell, Henry Brock and A. Smith.

STORY OF LIFE IN BIG CITY.

Loving Wife Cries as She Accompanies Invalid Husband to Receiving Hospital.

The sun shone brightly along Broadway yesterday afternoon. Smartly-clad men, women and children moved briskly about on the sidewalks. On all sides were signs of metropolitan activity. Indeed, it needed only an elevated railroad to make the beholder imagine the thoroughfare to be Sixth avenue, New York. Suddenly, there rushed by a police ambulance. Many cast curious glances at the hospital vehicle and those who had the sharpest eyes saw inside the ambulance a woman, her eyes wet with tears. By her side lay her husband, Michael Egan, helpless from paralysis. It was just another story of a great city. Egan fell ill a year ago and for many months the frail wife had taken in washing to keep the wolf from the door of their home on West E street. She toiled hard to support the family, besides nursing her husband by night and day. Finally, she gave up. So Egan will be taken to the County Hospital today.

A SIGN OF FALL

Willie hates to get up these mornings. Getting up means going to school. Going to school means Fall this year. And the arrival of Fall means that you should have your order for your Fall suit in here. Our Fall fabrics have arrived and we're showing digitized Scotch grays, fascinating browns and delicate green mixtures, they're greens that are delicate in hue, but tough as boarding-house steak when it comes to trying to make them relinquish their hold on their color. Brauer-Krohn suits made-to-measure from these fabrics from \$25 to \$60.

DOCTORS DECRY "EXPERT" DOPE.

PATRICK'S CASE EXCITES PHYSICIANS' INTEREST.

Nearly Thirty-Six Hundred in New York Sign Petition to Have the Governor Appoint Commission to Inquire into Testimony That Convicted Alleged Murderer.

(BY THE ASSOCIATED PRESS—A.M.) ALBANY (N. Y.), Sept. 20.—Nearly 3,600 physicians of the State, representing 33 cities and towns, and including some of the best-known practitioners in the profession, are signers of a petition presented to Gov. Higgins today in behalf of Albert T. Patrick, the lawyer convicted and under sentence of death since 1904, for the murder of the aged Texas millionaire, William Marsh Rice, in September, 1900.

The petition is as follows: "We, the undersigned physicians of New York State, have read the medical testimony presented on a motion for a new trial, to Recorder Goff, in the case of Albert T. Patrick, charged with the murder of William Marsh Rice."

"The conclusions of the experts who testified on the motion are quite at variance, and the questions are novel as well as grave, and important to the members of society, and especially to the defendant, and, therefore, should be justly solved."

"To this end, we petition Your Excellency to appoint a commission composed of disinterested experts selected from the medical profession to examine impartially into the questions at issue and report their findings at as early a date as possible, and thus avoid the possibility of mistake in the case of Patrick, as well as to get the final and just solution of the question."

"The main medical question involved, vital in the conviction of Patrick, is whether the congestion of the lungs alleged to have been found in the autopsy upon Rice's body could have been caused by embalming fluid or must be the result of chloroform with which Jones, Rice's valet, in one of his several contradictory confessions, said he had killed the old man by Patrick's direction."

"The petition was presented by F. W. Logan, a prominent business man who is a partner of John T. Milliken, whose wife is Patrick's sister; Lyman C. Smith of Syracuse, and Samuel B. Thomas of New York, of counsel for Patrick."

"Thomas said the request for signatures had not been sent to the physicians of the State until the second week in July, and up to that date nearly 3,000 have returned their signatures and more are coming in every mail. Only four physicians, Thomas says, and one of them indirectly connected with the case, had returned the petition with the refusal to sign."

"A marked feature of these letters was the contempt expressed by many of the writers for 'expert testimony' rendered for pay by one side or the other in criminal cases."

WOMAN DOCTOR IN TROUBLE.

(BY DIRECT WIRE TO THE TIMES.) PHILADELPHIA, Sept. 20.—[Exclusive Dispatch.] When arraigned before Magistrate Kochersperger in the Central Station this afternoon, Margaret

Clark, who says she is a physician, promised to reform and was discharged.

She was arrested this morning while driving in a buggy she had hired last Tuesday. Joshua Johnson, the Everyman, wanted to prosecute her, but after hearing her account of her visit to this city, the magistrate advised settlement.

A consultation followed, and Johnson withdrew his charge on the woman's promise that she would pay him the \$5 which he says she owes him. Dr. Clark is a pretty woman, about thirty-five years old, and was neatly dressed. She was arrested shortly after 3 o'clock this morning by a policeman of the fifteenth district, while driving along Frankford avenue in a carriage rented from a Locust-street livery stable.

The manager of the livery stable had notified the police that carriage which had been hired some hours before had not been returned, and they were asked to keep a sharp lookout for the vehicle.

The policeman immediately recognized the carriage from the description furnished him and he called upon the woman, who was driving with a man, to halt. The man, however, did not linger with the driver, but immediately jumped from the carriage and ran away.

PRISON REFORMS ROBBER.

OLD THREAT IS LAID ASIDE.

(BY DIRECT WIRE TO THE TIMES.) BROOKLYN (Iowa) Sept. 20.—[Exclusive Dispatch.] Nine years ago Frank Belding was convicted of highway robbery and sentenced to the penitentiary for twenty years. As he was taken from the courtroom he turned upon Judge John G. Scott, who had sentenced him, and declared he would kill him upon the expiration of his sentence. Today Judge Scott signed an application for Belding's parole on the plea of the man's sister that she believed he had fully reformed.

HALF-BREED HAS WEALTH.

ARREST REVEALS MANY GEMS.

(BY DIRECT WIRE TO THE TIMES.) DES MOINES, Sept. 20.—[Exclusive Dispatch.] In a raid on an opium dive here last evening a half-breed Indian and his wife were arrested, on whom were found about \$500 worth of diamonds and other valuables.

The man gave his name as Otto Williams. He had a draft in his pocket amounting to \$900 drawn on a Los Angeles bank.

The police officers were dumbfounded on searching the man to find that he had diamonds of great value hidden in his clothing and his wife also was concealing valuables. There were a number of colored men and women in the place.

VILLAGE BANK HELD UP.

ROBBERS SECURE CURRENCY.

(BY THE ASSOCIATED PRESS—A.M.) GRAND RAPIDS, Sept. 20.—Eight masked and heavily-armed men held the people of White Cloud, a village forty-five miles north of here, at bay early today while the Newago County Bank was robbed and an attempt made to rob the bank of R. Gannon & Son.

The eight men rode into town shortly after midnight and surrounded the two banks. Guards were posted outside while other members of the gang entered the banks.

The interior of the Newago County Bank was completely wrecked by two explosions and the robbers secured between \$2000 and \$4000.

While the robbers were at work in the Gannon Bank several persons, attracted to the scene by the explosions in the Newago Bank, came running to

the scene. The watchers called out to the men working in the bank before they could get the safe open and covering the citizens with guns, all rode out of town on horseback.

WILLIAM FRIEDE DIES.

ONE ASSASSIN IS KNOWN.

(BY THE ASSOCIATED PRESS—A.M.) SAN FRANCISCO, Sept. 20.—Without having regained consciousness long enough to tell the police a complete story of the attack made on him, William Friede, the proprietor of a clothing store at No. 1354 Market street, died today from the effects of a brutal beating inflicted on him in his store last Friday afternoon.

Friede's skull was fractured by a blunt instrument wielded by two unknown men.

Acting Captain of Detectives When this afternoon announced that the police knew the name of one of the men who slew Friede, but he would not tell the public at present. He said further that the assassin soon would be located and placed behind the bars.

CRIME BRIEFS.

Stiles Pays Penalty.

COLUMBUS (O.) Sept. 20.—Butler Stiles, the negro convict who killed Guard H. Moorehead in an attempt to escape from the Ohio Penitentiary December 21, 1905, was electrocuted in the prison annex a few minutes past midnight.

Bricklayer Slugged and Robbed.

SAN FRANCISCO, Sept. 20.—Men armed with revolvers and cobblestones almost beat to death Jacob McGuire, a bricklayer, living at No. 845 Howard street, last night. Their motive was robbery and besides the brutal beating McGuire sustained the loss of his valuable watch and chain and all his money.

Two Dead from Saloon Brawl.

CHICAGO, Sept. 20.—Two men were shot dead and another man severely wounded in a saloon at Hammond, Ind., as the result of an argument over the respective merits of Battling Nelson and Joe Gans. Ferguson Laiden, a machinist of Hammond, did the shooting.

The dead men were Eddy Golden, 35 years of age, and James Eileen, a porter in the saloon where the shooting occurred. John Bellamy, a detective who interfered while the shooting was in progress, was shot in the leg.

COURT HOLDS MISS IRVINE.

Woman Who Shot Claremont Ranch Foreman Nearly Swoons When Decision is Made.

(BY DIRECT WIRE TO THE TIMES.) SHERIDAN (Wyo.) Sept. 20.—[Exclusive Dispatch.] Miss Edna Irvine, the pretty and impetuous daughter of State Treasurer Irvine, must face a charge of assault to kill in the District Court. Justice Thomas rendered his decision in her case this morning.

Miss Irvine some weeks ago shot and seriously wounded George Knighton, foreman of the big Pratt-Letter ranch at Claremont, who, she alleges, insulted her.

Her preliminary trial began yesterday, the charge against her being "assault with intent to commit murder."

Miss Irvine almost collapsed when Judge Thomas rendered his decision. Her bond was placed at \$100, which she promptly furnished.

TRIALS WILL FIND FEW CARS READY FOR RACE.

Of Fifteen Racing Automobiles Specially Built to Bid for Places on American Vanderbilt Cup Team, Majority Have Trouble—Clean Sweep for Thomases Predicted.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Sept. 20.—[Exclusive Dispatch.] On the eve of the most important speed and endurance competition that American automobile manufacturers have ever had offered them, the lack of readiness of the cars entered is a disgrace to the automobile industry. It is estimated that in preparation for the Vanderbilt cup race, which will be held at Nazareth, Pa., on September 24, more than 150 cars were entered.

Several of the American cup cars made their first appearance on the circuit today, when thirteen machines were on the course between daybreak and 7 o'clock. Eight of these traveled entirely alone the circuit once or twice, and five were driven back to their race quarters with troubles that were carefully screened. One car, the B. L. M., has not yet been on the course and may not be at the starting Saturday morning.

Judging by the performances of the machines on the circuit and the experience and ability of their drivers, the race on Saturday should evolve the following cars as the American team in the cup final in October. Three Thomas flyers, Locomobile and Pope-Toleno.

VANDERBILT WITHDRAWS.

(BY THE ASSOCIATED PRESS—P.M.) NEW YORK, Sept. 20.—William K. Vanderbilt, Jr., in a letter to the racing board having charge of the coming Vanderbilt cup race for automobiles, withdrew his entry last night.

Mr. Vanderbilt says that he has been informed that there was some comment on his entering the race; that he only entered in the spirit of the sports, that he did not wish to take any part that would not be agreeable to all contestants and therefore he would withdraw.

ASSOCIATED PRESS DIRECTORS.

Old Members Are Re-elected With the Exception of A. P. Langley Whom Gen. Taylor Succeeds.

(BY THE ASSOCIATED PRESS—P.M.) NEW YORK, Sept. 20.—At the annual meeting of the members of the Associated Press, the members of the board of directors were re-elected, with the exception of A. P. Langley of the Springfield Union, who announced that he could not attend for reelection, because of new private interests, which he was to undertake. The vacancy caused by his retirement was filled by the election of Gen. Charles H. Taylor of the Boston Globe.

The directors who were elected for a term of three years were: Victor F. Lawson of the Chicago Daily News; Herman Hilder of the New York Sun; Zettling; Thomas G. Rapier of the New Orleans Picayune; Harvey W.

Scott of the Portland Oregonian, and Gen. Charles H. Taylor of the Boston Globe.

The board of directors organized by electing Frank K. Noyes of the Chicago Record-Herald, president; Charles Hopkins Clark of the Hartford Courant, vice-president; Rufus N. Rhodes of the Birmingham News, second vice-president; Melville E. Stone, secretary, and Charles S. Diehl, assistant secretary.

CAZAR SPOTTED IN DEATH CALL.

SOCIAL REVOLUTIONISTS ISSUE A NEW MANIFESTO.

In Revenge for the Execution of the Assassin of Gen. Min a Vow is Made to Remove the "Prophets of the Cowardly Murderous Aristocracy"—The Jews Resist New Attack at Odessa.

(BY THE ASSOCIATED PRESS—P.M.) ST. PETERSBURG, Sept. 20.—In revenge for the execution of Zenaide Konopliankova, the assassin of Gen. Min, social revolutionists are sending broadcast a violent manifesto directed against Emperor Nicholas and vowing to remove one after another "the prophets of the cowardly murderous aristocracy."

The manifesto is as follows: "The die has been cast. One thing remains. Annihilate mercilessly all enemies of the people. There must be life for life, death for death, and for ever. With the illuminating memory of Konopliankova to guide them, all true Russians must strike terror to the heart of the executioners."

Gen. Kourouptchik has completed his book reviewing the Russo-Japanese war. The work is in several volumes and has been submitted to the general staff. It may not be permitted general circulation.

JEWES RESIST ATTACK.

(BY THE ASSOCIATED PRESS—P.M.) ODESSA, Sept. 20.—In spite of official assurances that no anti-Jewish attacks would be permitted, a gang composed of members of the "Union of Russian People" tried to provoke an anti-Jewish outbreak today by firing on a crowd of Jews. They met with energetic resistance, however, and dispersed.

ARABIAN STEEDS ON THE DEEP.

Cartoonist Homer Davenport Makes Purchases of Valuable Animals While Abroad.

(BY DIRECT WIRE TO THE TIMES.) PARIS, Sept. 20.—[Exclusive Dispatch.] A private telegram received today announced that Homer Davenport, a cartoonist, sailed yesterday from Naples on the steamship Canopic for Boston.

Some Arabian horses which Davenport came to Europe especially to purchase were shipped on the steamship Italia. While at Naples the horses attracted much favorable attention and comment from the crowds that gathered daily to see them exercise.

PAY ROLL LEFT BEHIND UNPAID.

CHICAGO CONTRACTORS SKIP TOWN SUDDENLY.

Two Members of the Taylor-Rauch Construction Company Surprise Business Associates by Disappearing and Leaving Finances of the Concern in Bad Shape.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Sept. 20.—[Exclusive Dispatch.] James A. Taylor, head of the Taylor-Rauch Company, steel-erecting contractor, Charles Campbell, another member of the firm, and David Aronson, the head draughtsman, have fled the city, leaving Otto Rauch, the other member of the company, to face a throng of angry employees and creditors.

Rauch applied for warrants today for the arrest of his former partners, charging that they took the pay-roll money of the company, amounting to several thousand dollars, when they disappeared.

Taylor and Campbell are said to have left behind behind Taylor held the dual position of head of the Taylor-Rauch Company and superintendent of construction of the Thompson-Starratt Company.

He erected the steel work for the Federal building, the new annex to the Chicago Athletic Association, the Fisher building addition and many other skyscrapers. He was popular with the workers over whom he ruled, and the day before he disappeared went among them and in a few hours borrowed more than \$500, each cheerfully giving what he had.

While under contract with the Thompson-Starratt Company at a high salary he conceived the idea of founding a firm of his own and organized the Taylor-Rauch Company. In three months he had secured large contracts and his pay rolls exceeded \$200,000 a month.

Pushed with success, he began to seek pleasure in the social world. He came to his work in an automobile and installed his bride in handsome apartments on the North Side. He had the full confidence of several banks and large financial firms and could secure thousands for his projects without difficulty.

SON A "STRENUOUS" BOXER.

Young Kermit Roosevelt Is Said to Keep His Instructor Busy in Lively Mix-ups.

(BY DIRECT WIRE TO THE TIMES.) GROTON (Mass.) Sept. 20.—[Exclusive Dispatch.] That Kermit Roosevelt, a son of the President, is a very youngster and a strenuous exponent of the boxing game is shown by the testimony of Fred Bryson Waltham, boxing instructor at the Groton school and something of a young star in the lightweight class.

"Strenuous" is the only word to describe Kermit. In the midst of a fist mix-up he is a good scrapper, quick on his feet, and his general work so snappy that it shows a clear head behind his every move.

Unlike most tyros, he does not let the fear of getting a good hard knock scare him out of a position in which he may have a chance of landing one on his own account.

He sometimes gets his medicine, but when he does, instead of crying for quits, he just gets out and plants them

into his opponent good and plenty. He is enthusiastic over the game, and is counting on going in for some fancy curves and exhibition work with Bryson during the school year just beginning.

CURRY HAD MARITAL TROUBLES.

Murder and Suicide Had Been Threatened Previously With Suit by First Wife.

(BY THE ASSOCIATED PRESS—A.M.) EXCELSIOR SPRINGS (Mo.) Sept. 20.—Jerome Curry, the Topeka (Kan.) manufacturer who shot and killed himself and his wife yesterday, has been involved in much domestic trouble.

The woman killed by him was his second wife. He was divorced from his first wife in June, 1905. His suit for divorce was instituted after the woman had been sent by him to visit her parents in Wooster, O.

He married Mary L. Marks at her home in Toledo, O., before the expiration of the six months' period which should elapse under the Kansas law before a divorced person can marry.

The first wife returned to Topeka shortly after the second marriage and threatened to have the suit set aside, but Curry agreed to pay \$50 a month alimony and she returned to the home of her parents. Curry was a member of the Masonic Lodge at Wooster.

AGED GERMAN LOSES FUNDS AT NEW ORLEANS.

Fritz Fischer Leaves His Native Country to Go to San Francisco But is Compelled to Walk From El Paso, Tex., and Worn and Ill He Fails to Find Offspring.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, Sept. 20.—[Exclusive Dispatch.] After a wearisome journey on foot from El Paso to San Francisco, aged Fritz Fischer is lying dangerously ill at the County Hospital.

The aged man made the long journey across the desert in order to join his son Jacob and Henry, who, up to the time of the fire, were employed at Wieland's Brewery.

The sons had been here about six months, when they sent to their home in Weissenburg, Germany, for their father. The trip to New Orleans was made without incident, but while in that city the little money with which he was to pay for his transportation to San Francisco was exhausted.

When he reached here he could get no trace of his sons, his strength failed, and the police picked him up.

The warden of the hospital is trying to locate the sons.

LIFE FEARED AT BESOL

(BY DIRECT WIRE TO THE TIMES.) BELLINGHAM (Wash.) Sept. 20.—[Exclusive Dispatch.] Months before he was murdered Mrs. Anton Besol, a Washington Police officer, expressed the fear that her husband would kill her, according to her own statement.

Mrs. Besol, who is now in custody, was robbed of almost \$1000 in late July. In the last year she and her husband lived apart, a great deal of the time, and both traveled extensively in the United States.

Mrs. Besol said that her husband had threatened to kill her many times, and that she had been afraid of him for some time.

She said that she had been afraid of him for some time, and that she had been afraid of him for some time.

EVENTS IN LOCAL SOCIETY.

ONE of the delightful functions of the week was the large dinner with which Dr. and Mrs. David W. Edwards entertained last evening at the home of Mrs. Edwards. It was a sort of farewell to Mrs. Edwards and her friends, as she will depart with her two daughters, Misses Edna and Jennie, on Saturday evening for Chicago, where they will attend the Northwestern University.

The tables were prettily decorated with pink carnations and ferns, and the entire room was a mass of greenery while the lights were all pink shaded.

After dinner the guests were entertained by the toast of the bride responded gracefully.

The entire home was effectively decorated for the evening. In the reception room deep red dahlias were utilized, and the pretty red dining-room was in a similar scheme. The den contained pink and green and the refreshment room was decorated with lavender and white tulle, while lavender asters in a silver vase occupied the center of the table. In this room Misses May Sams, Ida Johnson, and Beryl Sams presided. The hostess was assisted in receiving by Mrs. Creveling, Mrs. Sams and Miss Margaret Walsh of St. Louis. At the close of the happy evening the bride-elect was showered with much china, presented in a large hamper. Another novel feature were the register cards, which were in the shape of tiny cups adorned with blue forget-me-nots, the handiwork of the bride-elect's mother. These were strung together by blue ribbons and after the names were placed on them, were presented as a souvenir to the fair bride.

Saturday afternoon Mrs. H. W. Creveling will entertain with a children's party for the mites who are to take part in the wedding, and on next Tuesday she will entertain with a mock wedding.

To Claim Bride.

Many friends of Herman Henabery, the foreign route, rate and division clerk of the Salt Lake Route, will be interested to learn that he is on his way to Omaha, Neb., where he goes to claim as his bride, Miss Emma M. Necke, a bright girl of that place.

The wedding is to take place at the home of the bride's mother, Mrs. William Munkel, in Omaha Monday, September 24. Invitations were issued only to relatives and intimate friends.

MISS BESSIE BARTLETT, who will be heard in a moonlight reading of Shakespeare's delightful comedy on Thursday evening at the home of her parents, Vista Del Mar, Hollywood.

white roses, which she strewed in the path. She wore white Swags, with lace and fluffy ruffles, and a wreath of roses and lilies crowned her dainty head. Mr. Webber was best man, and ushers were Oliver, Joseph and George Prioleau, brothers of the bride. Following the ceremony, a breakfast was served at the home of the bride's parents, No. 1621 East Fifty-fourth street. The couple left after the ceremony for the North, and will be at home after November 1 at No. 1369 East Sixty-eighth street.

Miss Bartlett's Debut.

One of the most brilliant functions, which the autumn days are bringing will be the moonlight affair to be given on Thursday evening of next week at the beautiful residence of Mr. and Mrs. Albert Bartlett, "Vista Del Mar," Hollywood.

A large number of invitations are out for the function, and it will be at that the talented young daughter of the host and hostess will really make her debut in a musical way. The affair to be given is a moonlight reading of Shakespeare's delightful comedy, "A Midsummer Night's Dream," supplemented by Mendelssohn's poetic music.

The reading, which is in itself a difficult performance, is to be given by Miss Bartlett, interspersed with exquisite Mendelssohn songs and piano accompaniments are to be by Archibald W. Sessions. The evening has been divided into five parts, which include, reading, Act I, incidental music, scherzo, reading, Act II, incidental music; intermezzo, nocturne and wedding march, all with incidental music. The society is looking forward to this novel affair, and with much interest, too, for Miss Bartlett, after two years of musical study in New York, has but recently returned home. This is her first appearance since her return. Miss Bartlett, while she has studied with the best vocal teachers, has also been a pupil of Cunnock School here, and of the best dramatic instructors in New York, and thus will be able to present an artistic bit of work, of which few fingers are capable.

Bride from Oklahoma.

Ralph E. Rambo and Miss Dorothea J. Fitzpatrick were married Wednesday at the residence of John D. Fair, No. 141 East Fifty-fourth street. The bride arrived from Oklahoma the forenoon of her wedding day. They began housekeeping at once at No. 84 East Fifth street. P. M. Kirkham, pastor of the Vernon Christian Church, officiated.

Carter-Carroll Nuptials.

On Tuesday at noon at the home of Rev. and Mrs. Myers and pastor of the Naomi Avenue Christian Church, occurred the marriage of Miss Ora Carter to Kyle Carroll of Salina, Pa. The only persons attending were Miss Mary Snyder of Williamsport, Pa., and Frank Cohn of Olney, Ill., friends of the bride and groom. After the wedding ceremony the young couple went to the home of the bride's mother, where a dinner was served to relatives and immediate friends. The bride has, for several years, been a popular teacher in the schools of West Virginia. The groom is a prosperous man, who, after several years, has been electrical engineer for the Cook Mining Company of Salina, Pa. They expect to make this city their home. The groom has a position with the Llewellyn Iron Works.

Philathea Bazaar.

The Philathea Class will give their bazaar this afternoon and evening at the Masonic Hall, El Molino and Pico streets. A feature of the affair will be the girls in Mexican costume and the Japanese girls, who, also, a choice array of bright and knowing fortune tellers.

Alpha Rho Party.

Last evening Miss Daisy Sinclair entertained the members of the Alpha Rho Sorority at a "rush" party, as this is the different sororities and fraternities are busy trying to win for their own, the desirable freshmen. The school opens, and the freshmen are present, and music, games and other pleasures were enjoyed.

The home was decorated in the Alpha Rho Sorority colors of green and gold. Mrs. Edwin Walls of No. 227 West thirty-second street will entertain at luncheon today for the girls, and Saturday a luncheon at the Jonathan Club will be given.

Notes and Personal.

Mr. and Mrs. Philip Zobelean are expected to return today, after a three months' tour of Seattle.

Mrs. Harry Brand of "Miradero," North Glendale, has been seriously ill, and is yet very low. She is over 90 years of age, and a few others that she may not be well again.

Mr. and Mrs. William R. Moore, who have been visiting in Indiana and Ohio and the Atlantic Coast for the past four months, have returned to their home, No. 463 Grand street.

Mr. and Mrs. J. B. Wright (nee Burch), who were married on September 12, have returned from a tour of the Pacific coast, and are now at home to their friends in their new bungalow, No. 222 West Avenue 5.

Mr. and Mrs. J. B. Lippincott of West Adams street have returned from an enjoyable outing of several months at Hermosa Beach. Mrs. Lippincott is much improved in health, the outing having done her much good.

tained with readings by both Misses Edna and Jennie Edwards, who have been devoting themselves to the study of elocution in the Northwestern University, and who expect to graduate next June. An orchestra discoursed music and the evening was spent on the roof garden, which was a mass of palms and shining lights.

Guests for the evening included: Mr. and Mrs. Gail Borden, Rev. and Mrs. Howe, Mr. and Mrs. C. E. Cray, Dr. and Mrs. John L. Pittner, Dr. and Mrs. George S. Boyard, Dr. and Mrs. Robert McIntyre, Mr. and Mrs. G. W. Bayly, Mr. and Mrs. Valentine Peyton, Mr. and Mrs. W. J. Hole, Mr. and Mrs. J. M. Walters, Mr. and Mrs. P. M. Whitling, Mr. and Mrs. F. M. Whitling, Mr. and Mrs. Thomas Inch, George I. Cochran and Mrs. Cochran, Mr. and Mrs. B. L. Parmelee, Mr. and Mrs. Lee Chamberlain, Mrs. De Pauw, Mr. and Mrs. Seaman, Dr. and Mrs. D. K. Dickinson, Mr. and Mrs. Alken, Dr. and Mrs. Beckett, Mrs. Priam, Mr. and Mrs. Russell, Mr. and Mrs. E. A. Hamilton, Mrs. Downer, Mr. and Mrs. J. R. Alexander, Dr. and Mrs. S. B. Barnard, Mr. and Mrs. Bowles, Mr. and Mrs. Levett, Mr. and Mrs. Hunt, and Mr. and Mrs. A. J. Wallace.

Miss Creveling is Showered.

That Miss Wilma Creveling is to become the bride of Dr. Gardner W. Clawson of Santa Ana is an interesting bit of news to the young couple's friends.

Miss Creveling is a petite blonde, who has made her home here for about three years, having come here from Lincoln, Neb., where she was a student at the State University. She is a daughter of Mr. and Mrs. H. W. Creveling of No. 876 East Forty-second street, and the wedding, which is to be a particularly attractive one, will take place October 9 at the Vernon Congregational Church. The pretty little bride-elect has chosen as her matron of honor her sister, Mrs. Logan Smith, and Logan Smith will be ring bearer, and little Katherine Lord is to be a dainty flower girl. A pretty feature will be the eight lovely children in white who will carry fairy baskets of pink roses, and who will precede the couple. They are Mary Akey, Florence Johnson, Hazel Cox, Kathleen Bluback, Bernice Cox, Bernice Wade, Mary Davies, and Ruthie Carlson. Miss Ruth Best will sing "Oh, Promise Me" during the service.

Last evening Mrs. Logan Smith, sister of the bride, entertained at her cozy bungalow home at No. 1025 East Forty-first street with a china shower and informal social affair in honor of Miss Creveling. There were about fifty guests, and an enjoyable programme of music and recitations was presented. An interesting part of the evening was the banquet and toasts which were given, with Mrs. Logan Smith presiding as toastmistress. A handsome silver loving cup formed part of the ceremony, and after each toast, the bride drank from it and then passed it to the bride, who also took a sip. The toasts were responded to as follows: "A Long White Back," Mrs. Creveling, mother of the bride; "Friendship," Mrs. Goodhue; "Courtship," Mrs. Phoebe Moore; "Marriage," Mrs. William Davies; "Future," Mrs. Alexander Lord; "What is in a Name?" Mrs. F. L. Sams. At the close

After the ceremony, the couple will leave for Los Angeles.

Of interest to Los Angeles friends is the marriage of Miss Maude Du Shane and Paul J. Scharringhausen, which took place recently at the home of the bride's brother in Chicago. The bride is a sister of Mrs. Streicher, and was known in Los Angeles. Miss Mollie Kruse and William O'Donnell attended the couple, and Father John Linden officiated. The couple will make their home in Des Plaines, and the groom is a member of Scharringhausen of that place.

University Five Hundred.

Mr. and Mrs. Nat N. Brown and Miss Charlotte Brown entertained the University Five Hundred Club at their home, No. 3023 Harvard boulevard, on Tuesday evening. A number of invited guests were present.

P. A. English won the two guest prizes. The club prizes were won by Mrs. D. T. Mitchell and J. Burris Mitchell. Miss Ida M. Davis and D. T. Mitchell received the consolation prizes. The invited guests included Mr. and Mrs. C. C. Wall, Mr. and Mrs. P. Clayton Johnson, Mr. and Mrs. H. E. Pratt, Dr. and Mrs. George A. Comte, Misses Sarah K. Miller, Lulu M. Scott, Julia Hook, Ida M. Davis, Celia E. Cotter of Santa Ana, Messrs. W. H. Elliott, C. W. Farmer, P. A. English and Dr. J. T. Ball. The club will meet October 2 with Mr. and Mrs. P. W. Blake, No. 1858 West Twenty-second street.

Frisier-Ironsides Wedding.

The church at Thirty-sixth street and Central avenue was the scene of a pretty wedding yesterday morning. Miss Genevieve E. Frisier, daughter of Mr. and Mrs. George A. Frisier, becoming the bride of J. Allibron Ironsides. The church was decorated with a profusion of flowers and greenery. The bridal party entered to the strains of the wedding march from "Lohengrin," as played by Miss Victoria Bell, organist of St. Patrick's Church. The bride was given away by her father, and presented a sweet picture, clad in a gown of white tulle, with lace and insertion, over white silk. Her long white veil was held by a wreath of orange blossoms, and she carried a shower bouquet of white carnations.

The bridemaids, Misses Cordelia Gilbreath and Edna Schaaff, wore gowns alike of India lawn, trimmed with lace, and they carried pink carnations and maidenhair ferns. Wreaths of roses and lilies of the valley were worn by the bridesmaids. Little Laurella W. Myers acted as ring-bearer, and carried a basket of white carnations. Little Margaret A. Conklin acted as flower girl and carried a basket of

TYPHOON LEAVES MANY WRECKS.

HONGKONG RECEIVES MANY DISASTER REPORTS.

Hunt for Joseph Charles Hoare Proves Fruitless—Navigator of the Fatahan Beaches Vessel Single-Handed—Warehouse Company Loses Three-quarters of a Million.

(BY THE ASSOCIATED PRESS—A.M.)

HONGKONG, Sept. 20.—The full extent of the catastrophe is not fully known yet, but conservative estimates place the number of Chinese who lost their lives at 5000 and the total of the material damage to the colony at \$2,000,000.

Reports of disasters at sea are constantly being received here. The steamer Albatross with 150 passengers on board, foundered near Futuamoa Pass. Only six passengers and two of the crew were saved. They swam ashore.

The steamer Hongkong also was lost and her entire crew is missing. The steamer Yingfat, from Samchun, foundered and 120 passengers and all but two of her crew are missing.

Mrs. Hoare and her searching party have returned. They found no trace of her husband, Joseph Charles Hoare, Anglican bishop of Victoria, whose yacht was lost during the typhoon.

Capt. Thomas, commander of the river steamer Fatahan, whose Chinese crew clambered on board the French mail steamer Polinesien when the Fatahan collided with her, saved his vessel and 150 Chinese passengers by splendid seamanship. Fortunately the engine-room men stuck heroically to their posts.

Capt. Thomas was left almost single-handed on deck. He took the wheel and navigated the Fatahan for an hour and forty minutes through tempestuous seas and finally beached the vessel safely. It is believed she can be refloated without trouble.

The staff of the Jardine-Matheson Sugar Refinery rescued 200 Chinese from sinking sampans. The losses of the Kowloon Godown Warehouse Company are estimated at \$750,000.

Forty thousand bales of yarn which were in storage at Godown probably are totally destroyed.

Many looters have been arrested here and at Kowloon. There are ample supplies of rice to relieve distress. There are 700 Chinese passengers on board the steamer Heung Shan, from Macao, which stranded off Lantau Island. All the European passengers, including three women were saved. Many of the Chinese, including women were drowned but the total number of deaths is not known. The position of the Heung Shan is hopeless.

Sir Matthew Nathan, Governor of Hongkong, speaking to the legislative council, today said he intended to appoint a commission to inquire into the charges made against the observatory, also that he started the Government relief committee has been augmented by additional representatives of the community. The government is willing to loan money without interest for the rebuilding of native boats.

It is proposed to placard the streets of Hongkong with English and Chinese versions of the cablegram of sympathy received from King Edward. Another storm, less violent, however, than the typhoon, broke here at midnight, and blew for six hours. The damage apparently was not great.

CELEBRATION AT KARLSRUHE. KARLSRUHE (Germany) Sept. 20.—The Grand Duke and Grand Duchess of Baden celebrated their golden wedding today. They were awakened at an early hour by the ringing of all the city bells and the firing of a salute of 101 guns. The Grand Duke and Grand Duchess have given \$25,000 to the poor.

"Rule Article" in the Way of a Convention.

Partisan Ticket at Last Gets a Knock.

The Democrats held an unusual, genuine, old-fashioned convention in Elks' Hall yesterday.

In the face of fierce opposition from the railroad and from every other Democratic, the non-partisan candidates were elected. The vote in the convention being 331 to 147. The election was printed in yesterday's Times.

This wouldn't have been a Democratic Democratic convention unless somebody kicked over the traces.

Although the county convention held last night the non-partisan candidates, when the various party conventions met, in the evening, a number of the non-partisan were coldly received and other men nominated in their places, in the face of the convention.

The most prominent nominees were Capt. C. D. D. and Dr. Lamb, for whom Mr. Sparks and Martin Marsh substituted as candidates for supervisors. The whole lot of them were elected.

G. Loucks of Pomona was nominated for Congress.

It is rumored that the Republican "organization" will now have all of its candidates to choose from the non-partisan list.
